BY PIPING LOGISTICS

Piping Logistics is a customer-oriented organisation that provides service in more than 7 different languages. We know each of our customers and therefore, we provide the best service to all clients according to their needs. You can count on us for flexible solutions, technical knowledge and correct administration. At Piping Logistics we produce and supply components for fire sprinkler and HVAC installations. Our business model consists in establishing long-term partnerships with our customers, keeping one of the largest stocks in Europe and providing excellent aftersales service and favorable sales conditions. With our privileged location in the centre of Europe, we strive for just-in-time deliveries.

The "PROFIT" brand has been established in the fire protection industry market for more than 15 years and more recently making a name in the HVAC industry as well. Nowadays the Profit brand consists of a wide range of grooved fittings, mechanical couplings and accessories combined with a growing range of valves, switches, flexible hoses and prefab sprinkler pipes. The company consists of our administrative offices, warehouse, QC department at production sites and own R&D engineering department. From this R&D department we focus on design and development of our own Profit branded products to make fire protection and life easier, and above all safer. The strategy of Piping Logistics is to provide our customers the best possible products for their installations.

MISSION

Piping Logistics aim is to be the European specialist with own self-designed (cast iron) grooved fitting products for the piping market. As independent player in the centre of Europe, we want to be the best possible partner for a wide range of components in different pipe systems.

VISION

Our goal is to become the specialist (high value) in Europe, offering a complete gamma of products (grooved fittings, valves and side-products) necessary for a piping installation, within a wide range of sectors. Our vision is to supply customers with products of high quality at a correct price where the availability and flexibility is our major asset.

TODAY, PIPING LOGISTICS IS ACTIVE IN MORE THAN 60 COUNTRIES, FOCUSING ON BUILDING LONG-LASTING RELATIONSHIPS WITH ITS PARTNERS IN THE FIRE PROTECTION & HVAC INDUSTRY.
